The Rowdy Frynds Tour with Lynyrd Skynyrd and Hank Williams Jr.

American Southern rock band Lynyrd Skynyrd will share the stage with legendary country music star Hank Williams Jr. on Friday, July 18 at Soboba Casino's Arena.

Lynyrd Skynyrd became prominent in the South in 1973, and rose to worldwide recognition with more than 3 double platinum albums featuring such mega hits as "Freebird," "Sweet Home Alabama" and "What's Your Name." The band was inducted into the Rock and Roll Hall of Fame on March 13, 2006.

Hank Williams Jr. made his debut at age 11 and by the time he was 14 was in the studio recording his debut album. His rendition of "Long Gone Lonesome Blues" became a hit and all eyes were on the artist, constantly looking for shades of his father's genius. What followed in the years since has been a whirlwind ride during which the younger Williams successfully emerged from his famous father's shadow, forging a career of his own. He managed to create music that resonated with the same gut-wrenching emotion that marked his father's best work, yet beyond that he left little room for comparison as he blazed a trail with such classic hits as "Whiskey Bent and Hell Bound," "All My Rowdy Friends," "Old Habits" and "Born to Boogie."

The two acts begin at 8pm. For tickets, go online to www.ticketmaster.com or call 1-866-4-SOBOBA.

Instrumentalist Kenny G performs at Fantasy Casino

He is one of the most successful and respected saxophone players in the history of recorded music, selling more than 70 million CDs worldwide. Now, with the release of his latest CD, "Rhythm and Romance," Kenny G returns to perform at Fantasy Springs Resort Casino's Special Events Center, Friday, July 25, at 8pm.

Known for his passionate and pleasing horn playing skills, Kenny G first picked up the saxophone in his youth after seeing someone playing one on the Ed Sullivan Show. With lessons and plenty of dedication, his talent began to grow. Legendary leader of the Love Unlimited Orchestra, Barry White took notice and hired the young horn player at the age of 20. In 1982, Kenny G signed with Clive Davis at Arista Records and began his meteoric rise to jazz and pop music fame.

Kenny G received a standing ovation from the capacity crowd on his last visit to the Special Events Center. Tickets for this special one-night performance are available at the Fantasy Springs Resort Casino Box Office or by calling (760) 342-5000. Tickets can be purchased on-line at www.tickets.com or www.fantasyspringsresort.com. Tickets are priced at \$49, \$39 and \$29.

New exhibits scheduled to open at the Wally Parks NHRA Motorsports Museum

On Aug. 27, a special new photo exhibit focusing on the glamour girls of racing will open at the Wally Parks NHRA Motorsports Museum, presented by the Automobile Club of Southern California. Titled "Trophy Queens," the exhibit features dozens of rare photos of models presenting racing trophies from the '50s through the '70s.

Included in the Trophy Queen exhibit are shots of a 19-year-old Raquel Tejada, later to become Raquel Welch and Barbara Huffman, i.e., Barbara Eden star of the long-running "I Dream of Jeannie." Also highlighted is the most famous trophy queen of all, Linda Vaughn, known as the "First Lady of Motorsports."

The exhibit runs through August, 2009.

Stop by the L.A. County Fairplex in Pomona, enter Gate 1 to the Museum. The museum is open Wednesday through Sunday, 10am to 5pm. Admission is \$7 for adults, \$5 for seniors and children. AAA Members receive additional savings.

Riverside Plaza's 2008 Be the FACE Winners

Fresh faces featured in Plaza ads

The top three winners of the Riverside Plaza's Be the FACE Model Search contest are featured in this month's advertisement in the Inland Entertainment Review Magazine, on the inside front cover. Skye Velten, age 18, Teresa Aquila, age 21 and Brandon Burkhart, age 23, competed against

more than 100 contestants in the event which was held in February along the Courtyard between Gottschalks and El Torito at the Riverside Plaza.

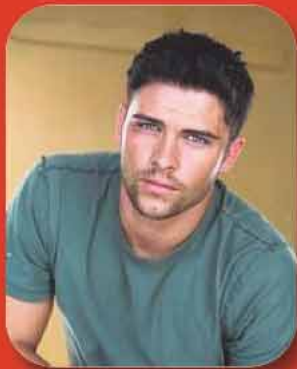

None of the winners had ever modeled professionally before, so this opportunity opens the door to a world of new and exciting experiences for them.

In addition to appearing in print advertising, the winners will also be seen online, in on-site signage and in commercials showcasing the Riverside Plaza. They wear fashions and accessories that anyone can purchase from Riverside Plaza merchants and the ads feature familiar Riverside Plaza locations.

Look for Skye, Teresa and Brandon along with six additional Be the FACE semifinalists as they appear live on the catwalk at the upcoming "Back 2 School Fashion Show," from 7pm to 9pm on Saturday, August 9, at the Riverside Plaza.

For more information, visit shopriverside-plaza.com or call (951) 683.1066, ext. 113.

Candlelight sets sail for adventure with 'Peter Pan'

Before Captain Jack Sparrow there was a much more intimidating pirate that ruled the seas of our fantasies. His name is Captain Hook, the dangerous pirate of Neverland that rivaled the brave and adventurous symbol of childhood, Peter Pan.

This month the Candlelight Pavilion in Claremont will bring adventure, nostalgia, and fantasy to the Inland Empire with the show Peter Pan.

"The wonderful thing about Peter Pan is that it is a captivating show for both kids and adults. Its universal theme and child-friendly story has enchanted audiences for over one hundred years and we are thrilled to be bringing an exceptional version to the Inland Empire," Artistic Director Mindy Teuber said.

The cast of Peter Pan will feature both profes-

sional adults and children. Select songs from Peter Pan include "I've Gotta Crow," "I'm Flying" and the ever popular "I Won't Grow Up."

Peter Pan is directed by Chuck Ketter. The show is choreographed by Kelly Ford and musically directed by Linda Atherton. Mary Martin, Sandy Duncan, and Cathy Rigby are three of the famous ladies who have given life to the energetic and carefree character of Peter Pan. In the Candlelight Pavilion production Emily Grosland will capture the unique innocence and exuberance of the young boy. ZFX, a professional flying effects company, will set the Candlelight Pavilion stage for Peter Pan's airborne tricks.

Performances for Peter Pan will run July 12 through August 17 Thursdays through Sundays. Children's rates, which are normally available

on Friday evenings and for Saturday matinees, will be available for all performances. Children will also have the opportunity to take pictures with the cast of Peter Pan after the show. If children would like to wear their Tinkerbell, Peter Pan, or pirate costumes to the show they are encouraged to do so.

For more information or reservations call the Candlelight Pavilion Box Office at (909) 626-1254 ext. 1.

A Little Night Music

Book by Hugh Wheeler

Music & Lyrics by Stephen Sondheim

July 11 - 27, 2008

One of Broadway's masterpieces, this romantic and achingly beautiful musical deals with the universal subject of love, in all its wondrous, humorous, and ironic permutations. Sophisticated, literate, and stylish "A Little Night Music" is also disarmingly warm, funny, charming, and very human. The litting Ravel-inspired score includes Sondheim's most popular song, the haunting "Send in the Clowns."

Sawdust Art Festival finds it good to be green

“**G**oing Green” may be the latest art at the Sawdust Art Festival’s 2008 Summer Show, running through August 31. More specifically, the art of living with our planet’s natural energies and resources will be emphasized in the operational details of the annual festival.

“We’re systematically reviewing every aspect of the show to create a long-term plan that will enable the Sawdust Art Festival to continually evolve to greater levels of environmental responsibility,” Sawdust Board President Mike Kelly said.

With the assistance of Chris Prelitz, a Sustainability Consultant from Laguna Beach, different approaches to the use of electricity will be the top priority for the Sawdust’s “Going Green” plan.

As it relates to the Sawdust Art Festival, how electricity is used will make a big difference. Most of the Festival’s lighting is outdated and incandescent or quartz, which generates a considerable amount of heat. By changing to fluorescent or LED lighting, only a third of the electricity will be used which results in less heat being created.

Even the twinkle lights that illuminate and decorate the grounds in the evening will be changed to LED lighting, and will use less than a tenth of the usual energy and last ten times as long.

“We also need to encourage everyone to be mindful of turning lights off and putting lights on a timer in their booths and using only natural sunlight during the day,” Prelitz added.

The Sawdust Art Festival has been proactive in recycling over the years, but Prelitz will be offering suggestions on higher reuse of booth building materials. The Festival plans to collaborate with Habitat for Humanity to donate wood and dry wall materials to charities supported by the organization.

Another way for artists to divert trash from the waste stream is to consider using recycled items in their artwork. “There is a whole new green market opening up out there. Recycling tires, seat belts, license plates and other items is becoming popular to make purses and other crafts and art. Craftspeople might want to think about expanding their line to do something like that,” Prelitz added.

The 42nd Annual Sawdust Art Festival in Laguna Beach will include traditional activities amidst the more environmentally conscious atmosphere. More than 200 Laguna Beach artists will exhibit their vast talents in a mix of original fine art and craft including ceramics, jewelry, painting, textile art, wood and metal sculpture, photography, hand blown and fused glass and several other unique medias.

Art classes for children and adults, artists demonstrations, live entertainment, complimentary art tours and more are offered daily at the Sawdust Art Festival. And, a variety of food and beverage is available in the outdoor cafes.

Adult admission \$7; Seniors \$6 age 65 and up \$6; Children \$3 age 6-12 years and free for children under five years of age. Summer Season Pass is \$20 and an Annual Pass is \$25 (unlimited Summer and Winter admission). For more information call 949-494-3030 or visit www.SawdustArtFestival.org.

The Sawdust Art Festival is located at 935 Laguna Canyon Road in Laguna Beach with free city trolleys available from the Act V lot on Laguna Canyon Road and other offsite parking lots.

The Sawdust Art Festival is a non-profit organization dedicated to educating the public and promoting the art created in Laguna Beach. 

Megan of Lake Forest explores her inner artist at the Sawdust's Children's Art Spot which offers art projects throughout the summer. The 2008 Sawdust Art Festival Summer Show also offers a range of classes for children.

The 'Children's Hour,' not for children

The Chaffey College Theatre Department's summer production of *The Children's Hour* will play July 31-Aug. 3. Written by renowned American playwright Lillian Hellman, this suspense drama still resonates within society today. Set in the late 1940's, a malicious youngster (Mary, played by Heather Sauls), trying to stay out of trouble, starts a rumor about the two teachers (played by Christa Havenhill and Kelly Ford). When the rumor turns to scandal, the teachers' lives are destroyed and tragedy prevails.

Leading the cast are Chaffey's own Theatre Professors Christa Havenhill and Kelly Ford. Havenhill and Ford, both professional actresses, are known within the surrounding communities as actresses, directors and choreographers. "This is a special and unique opportunity to direct and perform alongside my closest colleague," Havenhill said.

This unique production not only fea-

tures Chaffey faculty, but integrates Chaffey theatre students, community actors and youth. Featured cast members include: Heather Sauls, Anelise Smith, Ken Lay, Annie Lay, Linda Torres, Priscilla Esparza, Jessica Seyler, Jamie-Lynn Olarte, Eryn Moore, Karynna Mc Donald, Emami Johnson, Anyisia Alvarez, Dixie Stone, Jenny Kister, Reggie Sauls, Vikki Gonzales, Janira Sanders and Rebecca Ciarlo.

Student director Erica Lewman will direct alongside Havenhill and Ford.

"This is such an exciting opportunity for me. Christa and Kelly have taught me everything I know as far as directing and acting goes, so it'll be fun to apply my newly found skills and techniques to this production," Lewman said. Ford adds, "I am honored to be working with two amazing ladies on an incredible production."

Call the Chaffey College Box Office at (909) 652-6067 to purchase tickets: \$12 general and \$10 student/seniors.

Craig Chaquico and Eric Darius Heat Up the Sunset Jazz in the Vines Concert Series at Wilson Creek Winery

Wilson Creek Winery continues its annual Sunset Jazz in the Vines Concert Series on July 19 with Guitar Player Magazine's

Best Pop Instrumental Guitarist of the Year, Craig Chaquico and saxophone prodigy Eric Darius. Each artist returns to Wilson Creek bringing their unique style of smooth jazz to the winery's expanded outdoor concert stage.

After four decades at the top of the charts

Eric Darius

with Jefferson Starship/Starship, Craig Chaquico went solo and became one of the most popular artists in contemporary instrumental music. Performing smooth jazz that New Age Retailer describes as "uptempo, bright, and optimistic," Chaquico touches the heart and soothes the souls of his audience. "What bonds us all together as human beings is the reality that we share the same emotions," says Chaquico. "We all feel love, adventure, mystery, sadness, loss, discovery, surprises, and the many joys of life, and my aim is to touch all these bases . . . That's why there are always emotional love songs along with lots of adventure and even some special effects in my music—to reflect the journey of life."

Beginning the evening will be saxophonist Eric Darius. After taking the contemporary jazz world by storm, this talented musician returns to Wilson Creek hot after the release of his new CD, "Goin' All Out." With youthful intensity and enthusiasm that has become a trademark of his shows, Darius delivers music that crosses over all music boundaries. He cre-

ates a very distinctive, fresh sound and approach that is uniquely his own. His passion shows when performing live. "I love playing my instrument because it allows me to communicate with others on a personal level, and I intend on doing this for the rest of my life."

The concert series returns as an annual fundraiser for Children with Autism. Bill Wilson, General Manager of Wilson Creek states "Our family tradition is to give back to the community, which is why we won Gold Business of the Year for Temecula last year."

Doors open at 6pm, with entertainment beginning at 7pm. Tickets range from a gourmet dinner package to enjoy stage-side for \$130 per person to General Admission for \$55. A wide range of Wilson Family Food Favorites prepared by The Creekside Grille, the winery restaurant, as well as wines, beer and champagne will be available. Shuttle service from your car to the door is complimentary.

"The Festival is the perfect place to find affordable and unique art treasures for your home or business," Higuchi said. The caliber of work on exhibit at the Festival each year attracts buyers and collectors at all levels of connoisseurship. Many Festival artists have their work in the private collections of leading art collectors, celebrities, and museums around the world.

Archibald Library gets an extreme makeover

After 14 years, 4 million customers, and over 7 million books and other items checked out, the Archibald Library in Rancho Cucamonga is getting a well-deserved makeover. Library staff, architects, interior designers, and library stakeholders are busily working to give the Archibald Library a new look and feel.

Included in the remodel will be new carpeting, fresh paint, new furniture, a new roof, a new energy efficient air conditioning and heating system, an enclosed and expanded technology center, a more spacious children's area, a redesigned story theater and lots of new books.

The makeover should take approximately two months to complete and reopen in early September to give the construction crew complete access to the building, reducing the cost of the remodel and the time of the disruption for library customers.

During the closure, the Paul A. Biane Library at Victoria Gardens, located at 12505 Cultural Center Drive, will be available for all library services, including the Summer Reading Club. The Biane Library will offer extended hours, including the addition of temporary Sunday service hours during the months of the Archibald Library remodel. For those not able to travel to Victoria Gardens, Central School located at 7955 Archibald Avenue, will house the Summer Library for Families program through August 20. The Summer Library will offer books, magazines, Summer Reading Club participation, and organized activities for children and families in a conveniently located, air-conditioned room. This service will be available Monday through Friday from 10am to 5pm. For seniors, a selection of books and magazines will also be available for browsing and borrowing at the James L. Brulte Senior Center located at 11200 Base Line Road.

For additional information, contact the Rancho Cucamonga Public Library at (909) 477-2720 or visit www.rcpl.lib.ca.us.

Planes of Fame demonstrate the Sabre

With the Korean Air War as its theme, jet age air combat will be the subject of the monthly special event hosted by Planes of Fame Air Museum at the Chino Airport on Saturday August 2. The event will begin at 10am with a history seminar on the subject and conclude with a demonstration by the Planes of Fame North American F-86F Sabre, America's premier jet fighter plane during that conflict.

Beginning just five years after the end of World War II, the Korean War saw World War II vintage warplanes fighting side-by-side with then relatively new jet combat planes. Although jet warplanes first entered production near the end of World War II, they did not engage each other in air combat until Communist forces attempted to overrun South Korea in 1950. In many respects, the Korean Air War proved to be a learning experience in new techniques for aerial combat that ensued during the rest of the 20th century. That experience set the stage for the conduct of the subsequent Cold War aerial confrontations between the forces of democracy and communism.

An independent, non-profit, educational institution, Planes of Fame was the very first permanent facility of its type in the American West and a pioneer in the concept of restoring historic display aircraft to flying condition. Staffed primarily by a core of dedicated volunteers, Planes of Fame supports its daily operations with admission fees, donations, facilities rentals and proceeds from the use of its aircraft in various productions.

Planes of Fame Air Museum also has a special membership program available to the public, with one of the advantages of membership being the opportunity to experience the thrill of orientation flights in genuine warbirds. At each monthly special event, members in attendance, including last-minute sign-ups, can have their names entered into a free drawing for a member-supported warbird orientation flight.

Planes of Fame Air Museum is open to the public every day, except Christmas Day and Thanksgiving, from 9am until 5pm. General admission is \$11, youngsters 5 – 11 are admitted for \$4, and admission is free for accompanied children under 5.

For more information about The Planes of Fame Air Museum, and its events, call (909)597-3722; or visit the Planes of Fame website at www.planesoffame.org.

Castle Parks Announces New High Flying Ride

Castle Park in Riverside announced an exciting new ride coming to the park that will allow riders to feel what it's like to soar through the sky on a "flying dragon."

"The new Dragon Flyers ride will give guests of all ages the thrill of flight. Everyone will love it because they can control their own flight and make it as daring and thrilling... or as soaring and graceful as they want," General Manager Rolf Paegert said. "It will quickly become one of the favorite rides in the park. And because each flight is different, our guests will want to ride it again and again."

The new DragonFlyers is based on a classic amusement ride and is manufactured by Larson Manufacturing, Inc. With a medieval theme and dramatic fire-breathing dragon graphics, it consists of eight suspended ride carriages each holding two people. As the DragonFlyers begin rotating, centrifugal force swings the cable-suspended carriages outward and upward to a diameter of 85 feet. The DragonFlyers soar through the sky in a dizzying arc up to 35 miles per hour. In the front of each ride carriage is a large vertical wing that riders can move from side to side to control the movement of the vehicle. As the wing is moved, the ride carriage swings inward or outward while still traveling around the central axis. As the riders flying skills develop, the wing movements can be timed at the apex of the arc to allow dramatic turns with high speed dives up and down throughout the ride. Older guests can often create their flight pattern that is extremely intense filled with thrilling swoops and fast, arcing turns while younger children or parents may prefer to fly their ride in a much calmer pattern with less movement up and down.

This is Castle Parks 28th ride, joining well known favorites such as the Fireball and Merlin's Revenge rollercoasters, The Dragons' Tower, The Log Ride, Sea Dragon and The King's Crown. For younger kids, Castle Park has many rides that parents can ride with their children including the Castle Park Railroad, Antique Cars and a classic 1904 Merry Go Round.

Castle Park also includes a 3,000sf video arcade and one of the region's best and largest miniature golf courses. The Castle Park Ride Park is open daily. The Castle Park arcade and miniature golf courses are open daily.

The unlimited ride wristband includes unlimited use of 27 rides and attractions excluding arcade, skill games and mini golf. Tickets can be bought online at a special savings and for more information, visit Castlepark.com. Castle Park is owned by Palace Entertainment.

Knott's new thrills a summer must

Today, more than ever, value matters. And for generations, Knott's Berry Farm has stood for family entertainment value, making it an ideal destination for summer fun. This summer, Knott's Berry Farm delivers first-class thrills with an all-new roller coaster, Pony Express. Unlike any other coaster experience, riders will straddle their steeds as they launch from zero to 38-miles-per-hour in less than three seconds, while navigating high-banked turns, camel backs and tight maneuvers.

For more action and excitement, Knott's exhilarating coasters are not to be missed. Silver Bullet is the longest and tallest suspended coaster in the west, while Supreme Scream lifts daring riders 30 stories straight up only to blast them back down in a mere three seconds. GhostRider is a classic wooden coaster that has become a Southern California favorite, and Sierra Sidewinder, Knott's first-of-its-kind spinning roller coaster, is never the same trip twice. And there's Xcelerator, a hot rod coaster that's always a high-octane rush.

Knott's also offers plenty of rides and attractions to keep the little ones entertained for an entire day. Home of the Peanuts gang, Camp Snoopy is a place where parents can join their children and share in the fun. Inspired by the majesty and beauty of California's High Sierras, this six-acre kid's Mecca boasts more than 30 attractions for the young and the young at heart.

Timberline Twister, Camp Snoopy's kiddie roller coaster, offers big-

time excitement for pint-sized thrillseekers. Lucy's Tugboat is a rockin' and rollin' seafaring adventure, and Charlie Brown Speedway sets the pace for ear-to-ear grins. Plus, there's the Huff and Puff pedal cars, the Red Baron airplane ride, and much more.

When a break from all the action is called for, Knott's steps up with fantastic live shows. Catch Snoopy's Big BOW WOW Ice Show at the Charles M. Schulz Theatre, and don't miss the jaw-dropping stunts at the All Wheels Extreme Show, featuring high-flying BMX bikers, in-line skaters and skateboarders.

Knott's Berry Farm continues to deliver world-class thrills as well as affordable family fun. Knott's is just a short drive away in nearby Orange County, located at 8039 Beach Boulevard in the city of Buena Park. Seeing in a Different Light!

Primitive astronomical observation was defined by man's physical limitations for thousands of years. Seeing with the naked eye relies on a specific spectrum of light which humans are equipped to see. If the light reflected or emitted by an object is not within this spectrum, we can't see it. However, objects in space emit another kind of light...infrared light. Infrared light (the spectrum below the red end of visible light) can be seen with special telescopes.

Visible light passes through Earth's atmosphere easily and allows us to see the Sun, stars, planets, asteroids, and comets. But the Earth's atmosphere blocks most infrared light from our view. Placing infrared telescopes on high mountain peaks and sending infrared equipment into space has conquered that problem.

The ability to detect and analyze infrared radiation has dramatically influenced our view of the Universe. There are huge clouds of dust and gas in space which block visible light and prevent us from "seeing" inside and beyond them. Infrared light passes through these clouds and is detected with modern technology, allowing us to study incredible things like the life cycle of stars, molecular clouds, and extra solar planets.

Shed more light on the subject of astronomy and space exploration with the SkyQuest Public Program in July at the Lake Arrowhead MSAS Astronomy Village. Programs start at 8pm and end at 10pm, and include an entertaining slide/lecture, question and answer period, laser tour of the night sky, and a visit to the Robert Brownlee Observatory, weather permitting. Topics for this month include: "Astronomy ABC's," July 12, and "How to Use a Telescope," July 26.

For additional information and ticket reservations, call (909) 336-1699 or visit www.mountain-skies.org.

The MSAS Astronomy Village is located just off State Hwy. 18, east of the Blue Jay turnoff next to Rim High School. MSAS is a non profit, public benefit corporation and is not affiliated or associated with any commercial business that attempts to replicate its presentations or programs.

Ten bucks buys a day of play on July 17 at Big Bear's Alpine Slide at Magic Mountain

Enjoy an inexpensive day of play when you take the family to Alpine Slide at Magic Mountain in beautiful Big Bear Lake on Thursday, July 17, for an entire day that costs less than ten bucks and includes a hot dog lunch.

"Slide Day," held in conjunction with KOLA-FM, features a live broadcast from Alpine Slide, home of the famous Olympic-style bobsled ride of the same name. For only \$9.99, each Slide Day guest receives an all-day pass for the double water slide—a \$12 value in itself—plus two trips down the signature Alpine Slide bobsleds, a spin on the Putt 'N Around Go-Karts, and 18 holes on the adjoining miniature golf course. The Slide Day deal even includes hot dog, soda and bag of chips for lunch. It's a \$35 value for an entire day of family fun.

The bobsleds feature ball-bearing wheels that glide down the two quarter-mile long tracks filled with banked turns and long straightaways. The experience is much the same as bobsledding, as riders lean into turns and control their speed with the brake. Whether they're Olympians in training or certified slow

pokes, riders go as fast or slow as they want on the Alpine Slide.

After hot fun on the Alpine Slide, cool off on the adjacent double water slide. Two flumes of cascading, refreshing water take sliders through a myriad of banked, twisting turns before splashing them into the solar heated pool below. It's a great way to beat the heat, and rides are just a buck each in Big Bear, 10 rides for \$8, or an all-day pass costs only \$12. Parents who don't want to play don't have to pay; they can soak up rays on one of two outdoor decks or spread a blanket on the grass while the kids have fun.

For a relaxing change of pace enjoy a round on the Putt 'N Around miniature golf course, with rolling greens, water hazards, even penalty-stroke "sand traps." Then for more fast fun, ride the Putt 'N Around Go-Karts, each equipped with 5.5 horsepower Honda motors and an array of safety features including three-point harness restraints, hydraulic disk brakes, rack and pinion steering and padded steering wheels. The tirelined track sports hair pin and high banked turns as riders circle under the pines.

Alpine Slide also has an indoor lodge with
